Site Plan: In the space below, prepare a diagram showing the lot dimensions, existing buildings, sidewalks, driveways and streets. **Clearly** indicate the location, size and height of the proposed structure(s) with distances to property lines in all directions. This site plan does not need to be drawn to scale but does need enough detail to support your application for a zoning permit. Failure to provide accurate information may cause a delay in the processing of this application. A site plan may be furnished as an attachment to this application. **This is an application for a zoning permit – it is NOT a building permit.** There will be a separate fee for the approval of those permits.
